

EXECUTIVE SUMMARY

The creation of Barcud on 2 November 2020 was the culmination of almost 3 years' work between Tai Ceredigion and Mid-Wales Housing Association to form a stronger Association to champion the housing needs of rural mid and west Wales.

With over 4,100 homes and a turnover exceeding £26 million, Barcud is the largest housing association with its roots in the communities of mid Wales and the natural partner for those wanting to provide housing, employment and wider development opportunities in the region.

Barcud is more than a housing association. It has three subsidiaries, which all provide complementary services and activities to those of the parent. This enables the Barcud group to offer comprehensive housing, maintenance and support solutions.

Barcud has a vision which is encapsulated in seven strategic objectives:

- To provide 5,000 affordable, mixed tenure, high quality sustainable homes in Mid Wales by 2025;
- To be an excellent community landlord, which also offers support and care services;
- To be a tenant focused social business, which involves customers at all levels and operates bilingually;
- To support the work of local authorities and the Welsh Government to prevent and tackle homelessness in all its forms;
- To be an employer of first choice that supports the local economy and communities;
- To be a sustainable, low carbon organisation;
- To be an organisation with robust governance and finances.

Since merger, work has been ongoing to integrate the two associations into one. This has covered all areas of the association - Governance, HR and Communications, Finance and ICT, Housing, Maintenance and Development. Parallel to this, an external consultant was engaged to conduct an independent review, which culminated in a culture change action plan. Now the majority of the integration is done, we will be concentrating on achieving the seven strategic objects, growing the association and further improving services to tenants.

The genuine involvement of tenants and residents is fundamental to the Barcud way of working. The Board works closely with the independent tenant group (Barcud Monitoring Group) to jointly shape policy and strategy. This involvement is one of the many ways Barcud is embedded within the communities across mid and west Wales.

Steve Jones
Group Chief Executive

John Jenkins Chair

Introduction

Barcud was registered by the FCA on 2 November 2020. The merged Association was formed through the transfer of engagements from Mid-Wales HA (MWHA) to Tai Ceredigion; at the same time Tai Ceredigion adopted new model Rules and changed its name to Barcud.

The origin of Tai Ceredigion was the stock transfer of the Ceredigion County Council Housing properties to the newly formed Association in 2009, while that of Mid-Wales HA was a traditional Association established by local people of Montgomeryshire in 1975.

Barcud owns and manages over 4,100 homes, has an annual turnover in excess of £26 million, and employs more than 200 staff. The Association also has three subsidiaries: Care and Repair in Powys (CRP), EOM (a building maintenance company) and The Care Society; these employ another 100 staff and contribute a further £3 million to the Group's turnover.

Values

The way Barcud delivers its services is reflected by the values adopted by the Board in October 2020. These are:

Committed

We are committed to providing firm foundations for life.

Proud

We take pride in what we do and we take pride in doing it well.

Respect

We respect the people we work with and work for and value the contribution they make.

Care

We care about our people, communities, culture, country and planet.

Team

We work together with our colleagues, our tenants, our communities and partners to help each other succeed.

Purpose

The purpose or aim of Barcud can be summarised in the following strapline;

Firm Foundations Better Homes Strong Communities

This is being delivered through the achievement of seven strategic objectives.

STRATEGIC OBJECTIVE 1

To provide 5,000 affordable, mixed tenure, high quality sustainable homes in Mid Wales by 2025.

Action

Approval of Development Strategy for Barcud.

Resources

Barcud employee time, consultant support.

Outcome

Clarity over the development opportunities Barcud will pursue.

Action

Development of 125 new homes in partnership with development agents.

Resources

Development Team, Grant and Loan finance.

Outcome

More new build mixed tenure homes in areas of high need.

Action

Progress 2023-26
Development
prospectus with
Local Authorities and
Welsh Government
for Mid Wales Growth
Zone.

Resources

Development Team, Grant and Loan finance, partnership working.

Outcome

Regeneration of town centres and rural areas.

Action

Delivery of the planned maintenance program with emphasis on a fabric first approach and affordable warmth.

Resources

Barcud budgets, Barcud tenants, Barcud staff, MEDRA and EOM.

Outcome

Well maintained, low carbon/efficiently heated homes.

To be an excellent community landlord, which also offers support and care services.

Action

Undertake a review of the cost of living crisis for tenants.

Resources

Barcud staff, Barcud tenants, partnership working.

Outcome

Identification of vulnerable tenants, support with tenancy sustainment, assessment of affordable warmth needs.

Action

Implement the Medra and EOM Business Plans.

Resources

Barcud employees, Barcud tenants.

Outcome

Value for money, quality maintenance services via our Medra and EOM businesses.

Action

Implementation of MIS Housing systems across the association.

Resources

Barcud staff, consultants, Barcud budgets.

Outcome

One system resulting in efficiencies and improved services to tenants.

Action

To support our tenants to develop micro businesses or social enterprises, with quality training courses and meeting facilities within the new Lampeter business hub (Creuddyn).

Resources

Work in partnership with Business Wales, DWP, UnLtd and other agencies and charities.

Outcome

The establishment of micro businesses, social enterprises or local businesses in the community by tenants or groups of tenants.

STRATEGIC OBJECTIVE 3

To be a tenant focused social business, which involves customers at all levels and operates bilingually.

Action

Build on the existing strong partnership foundations of tenant involvement with BMG, with further training and support to increase the number and diversity of tenant representatives.

Resources

Budget for training courses, business centre at Creuddyn, Lampeter and employee time within Barcud for support.

Outcome

More tenants actively involved and a wider diversity of those involved reflecting the customers and community of Barcud.

Action

Complete action plan from the results of the STAR tenant survey.

Resources

Barcud budget, Barcud staff, Barcud tenants.

Outcome

Improved services to tenants.

Action

Involve tenant representatives at community, operational and strategic planning levels.

Resources

Employee time within Barcud.

Outcome

Make sure services meet the needs of tenants.

Action

Review and Implement new customer services processes.

Resources

Barcud empoyees, Barcud tenants, new MIS system.

Outcome

Improved services to tenants to include appointments.

To support the work of local authorities and the Welsh Government to prevent and tackle homelessness in all its forms.

Action

The provision of temporary and move on accommodation for homeless persons in Ceredigion.

Resources

The Care Society employees, working in partnership with Ceredigion County Council, Barcud properties.

Outcome

More people being supported by The Care Society subsidiary company within Ceredigion.

Action

The provision of temporary and move on accommodation for homeless persons in Powys.

Resources

Barcud and The
Care Society
employees, working
in partnership with
Powys County
Council, Barcud
properties.

Outcome

People being supported by The Care Society subsidiary company within Powys.

Action

Explore the options for increasing partnership working in partnership with both Pembrokeshire and Carmarthenshire County Councils.

Resources

Barcud and The Care Society employees, working in partnership with Pembrokeshire and Carmarthenshire County Councils, Barcud properties.

Outcome

To increase the number of quality supported accommodation homes, and to promote the support services of The Care Society.

Action

Review 'Homelessness and allocations' Policy.

Resources

Ceredigion and Powys Common Housing Register partners, Barcud employees.

Outcome

Approved Barcud Policy that supports business plan objective.

STRATEGIC OBJECTIVE 5

To be an employer of first choice that supports the local economy and communities.

Action

Develop and implement a Learning and Development plan.

Resources

Creuddyn Business Centre, budgets, Barcud staff time.

Outcome

Skilled staff across the group, staff succession planning, potential to sell services externally.

Action

Finalise Barcud
employment terms
and conditions
review to reflect
being an excellent
employer.

Resources

Board Member and Barcud employee time, consultant support.

Outcome

An exemplar employer which attracts good quality applicants and retains good staff.

Action

Approved Welsh Language Action Plan.

Resources

Employee time within Barcud, BMG and consultant support.

Outcome

More Welsh language speakers being able to converse in Welsh in the workplace.

Action

Development and training provision for tenants and residents.

Resources

Creuddyn business centre, external funding and Barcud employee time.

Outcome

More tenants and other low income residents complete education and training, and obtain new job opportunities within local communities.

To be a sustainable, low carbon organisation

Action

To work in partnership with housing associations in the Mid and North Wales region to tackle climate change.

Resources

Barcud employee time, consultant support, other Housing Associations.

Outcome

Regional low carbon strategy, best practice sharing, different partners bring different skills.

Action

Implement action plan from Decarbonisation Strategy for Barcud.

Resources

Decarbonisation and sustainability working group, budgets, Barcud tenants.

Outcome

Reduced carbon impact of both our new homes, our existing homes and working practices.

Action

Approved "Affordable Warmth"
Strategy for Barcud. Taking a
fabric first approach to design
and rehab, which builds further
on the external and internal
wall insulation, greener energy
systems, and healthy homes
work undertaken to date.

Resources

Decarbonisation and sustainability working group, Barcud tenants.

Outcome

Homes that tenants on low incomes, with rising costs of living can afford to heat and keep warm.

Action

Strengthen ESG reporting to secure future loans and embed decarbonisation into financial and strategic planning.

Resources

Development and planned maintenance budgets, ESG framework, business plans, annual report.

Outcome

Increased awareness of climate change, reduction in carbon emission, reduced financing costs.

STRATEGIC OBJECTIVE 7

To be an organisation with robust governance and finances.

Robust Governance

Action

Full governance review of Barcud, including Group Operating Regulations and Board Remuneration.

Resources

Barcud employee time, consultant support, task and finish groups, Operating Development Committee.

Outcome

Efficient group governance, an agile association.

Action

Review Value for Money and develop new framework.

Resources

Barcud employee time, Barcud tenants.

Outcome

Doing things at the best price, doing things in the best way, doing the right things, ensuring fairness and equity for all.

Robust Finances

Action

Approved Budget and long term Financial Forecasts including stress testing.

Resources

Barcud employee time, consultant support.

Outcome

Barcud financial plans able to deliver business plan objectives and have sufficient covenant headroom with mitigations identified if needed.

Action

Migrate last subsidiary to new finance software and ensure all working practices are fit for purpose.

Resources

Barcud employee time, consultant support.

Outcome

Increased efficiency in finance processes, integration with other software in the group.

Barcud has adopted a risk management strategy ensuring we achieve our key strategic objectives whilst reviewing the challenges and risks which may be encountered. Using a risk matrix Barcud identifies the impact of factors that may affect the likelihood of a significant risk impacting upon the organisation. The risk mapping process is embedded within business planning and operational arrangements. The risk register contains the key risks which could impact upon the delivery of the Strategic Objectives; with each being linked to the appropriate Welsh Government Performance Standard.

As a complex housing organisation, Barcud recognises that it faces risks from a wide variety of sources including:

- Government policy/legislation.
- · Economic/financial environment.
- Demographic change.
- Market forces.
- · Major works programmes/developments.
- · Natural hazards.
- · Pandemics.
- · Fraud and error.
- Information Technology.

Barcud is developing its risk appetite, through the documenting of a Target Risk score for each individual top risk by the Board of Management. The 'top risks' from the Risk Register are reviewed at each meeting of the Audit and Performance Committee. Where a top risk is reviewed and found not to be within our risk appetite, action will be taken to put in place further controls, or to seek further assurance that the identified controls are operating effectively.

Risk Matrix table

The risks are all scored using the following risk matrix. The impact of the risk is more critical than the likelihood. Therefore, the Impact score is multiplied by itself (squared), and then multiplied by the likelihood to give the total risk score.

	Un	Unmitigated Risk		Risk Appetite			Mitigated Risk		
	Barcud Risk Matrix								
	Impact	Catastrophic	5	25	50	75	100	125	
		Major	4	16	32	48	64	80	
		Significant	3	9	18	27	36	45	
		Minor	2	4	8	12	16	20	
		Nil	1	1	2	3	4	5	
	Risk score calculation: Impact ² X Likelihood			1	2	3	4	5	
				Remote	Unlikely	Possible	Likely	Very Likely	
				Likelihood					

Top Risks

The most significant strategic business risks are;

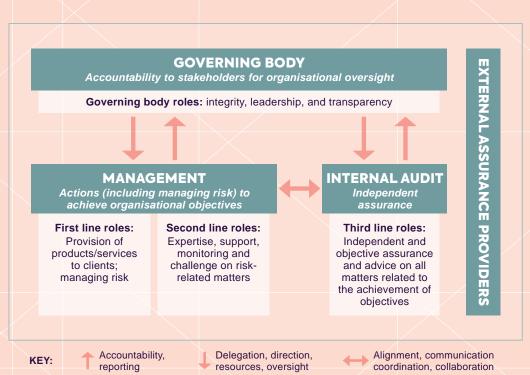

- Increased costs due to Welsh Govt decarbonisation agenda
- Failure to comply with Landlord Health and Safety Regulations
- Failure to comply with Employee Health and Safety Regulations
- Failure to lead, direct and make strategic decisions
- · Failure to recruit and retain key staff
- Increased costs due to high inflation
- Loss of income due to rent arrears
- Loss/reduction of Welsh Government Dowry
- Breach of Financial Covenant
- Impact of Renting Homes Act

Barcud uses the "Three Lines Model" as a framework. This gives Board assurance that progress is being made towards mitigating risks and achieving strategic priorities by having accurate data, good processes and controls and reporting tools to assist with decision making.

The first line is how risks are managed day to day and comes directly from those responsible for delivering objectives and includes policy and procedures. The second is the way the organisation oversees the controls framework so it operates effectively, including all elements of reporting and monitoring. Third is objective and independent assurance of internal audit. There is also the overarching assurance from external organisations.

BARCUD,CYMRU 14 FIRM FOUNDATIONS

VALUE for MONEY (VfM) and SOCIAL VALUE

Barcud is the beneficiary of significant sums of public money, in respect of Social Housing Grant (SHG) to help fund new properties, and the Welsh Government and Local Authorities need to be satisfied these funds are being used effectively. In addition, the operating activities are being paid for from residents' rents, and as these are often those on the lowest incomes it is critically important to show that best use is being made of that resource. This is at the heart of delivering Value for Money (VfM).

The concept of VfM is not new and generally is considered to cover three elements:

ECONOMY

Doing things at the 'best price'

EFFICIENCY

Doing things in the 'best way'

EFFECTIVENESS

Doing the 'right things'

Within Wales a 'fourth E' has been recognised;

EQUITY

Ensuring the Association's actions are fair and equitable to all

As part of the sector's global accounts, Community Housing Cymru has identified a suite of indicators used for assessing value for money and benchmarking across the Welsh housing sector. Barcud reports against these indicators annually and uses them to identify areas where improvements could be actioned.

However, VfM is more than reporting some key indicators. It is about providing excellent cost effective homes and services. A key element is the affordability of rents and Barcud has adopted a rent policy that has affordability at its heart. There are no blanket rent increases and the target rent for a property is mindful of the typical household income for such a property. A Star tenant survey completed in 2021 indicated that 78% of tenants think their rent is value for money.

Barcud is firmly rooted in the community and therefore interested in the wider social value it provides. The commitment to provide energy efficient homes within the rural communities where people want to live is paramount, along with supporting employment opportunities within these communities and keeping the Welsh Pound within our community. These wider environmental and social benefits are a key element of the wider delivery of VfM.

STAKEHOLDER INVOLVEMENT

Tenants and residents were thoroughly engaged throughout the merger process and remain involved through the business planning workshops.

The ethos of Barcud is as a tenant and customer centred organisation. The importance of tenant involvement is captured by the Rules: '... put in place arrangements for tenants to monitor, scrutinise and be consulted...'. The Barcud tenants can join an independent tenant body, Barcud Monitoring Group (BMG). This body represents tenants and formally meets the Barcud Leadership Team or operational managers on a monthly basis through the Tenant Liaison Panel.

Role of the Barcud Monitoring Group (BMG)

The Barcud Monitoring Group (BMG) is an independent, voluntary, not-for-profit organisation with its own Chair, Vice-Chair, Secretary and Treasurer. The BMG can comprise up to 26 members. The BMG provides regular reports in the tenants' newsletter and at the Tenants Liaison Forum meetings. All tenants are invited to the Forums, and can vote, annually, if they wish for the Group to continue to represent them or not.

The objectives of the BMG are:

- To provide an accountable and representative structure
- To influence the future of Barcud by actively pursuing involvement and consultation with tenants and the wider local community
- To enable tenants to review the management and maintenance of Barcud properties
- To positively promote the work of the Monitoring Group within the wider area.

Tenant Scrutiny

In addition to the formal structure of the BMG and Tenant Liaison Panel, Barcud has a wide range of other mechanisms to involve tenants and customers and receive feedback on services. These include:

- Tenants/Resident groups in estates/flats/sheltered schemes
- Tenant Liaison Forum, held quarterly across Mid Wales
- Surveys and Questionnaires
- Special Interest Groups, as and when required to discuss and lead on various topics
- Tenant Inspectors who asses the housing services we provide However, Barcud will be continuing to review how it can involve those 'hard to reach' tenants and customers, especially families and younger people.

Other Stakeholders

We work closely with other stakeholders, these include Funders, Welsh Government, Local Authorities, Dyfed Powys Police, Third Sector Agencies and other Housing Associations. Our staff are vital to Barcud being able to provide services to our tenants and stakeholders and we receive feedback through employee forums, questionnaires and team meetings.

REGULATORY GOVERNANCE

Regulatory Standards

The organisation has effective strategic leadership and governance arrangements which enable it to achieve its purpose and objectives.

Robust risk management and assurance arrangements are in place.

High quality services are delivered to tenants.

Tenants are empowered and supported to influence the design and delivery of services.

Rents and service charges are affordable for current and future tenants.

The organisation has a strategic approach to value for money which informs all its plans and activities.

Financial planning and management is robust and effective.

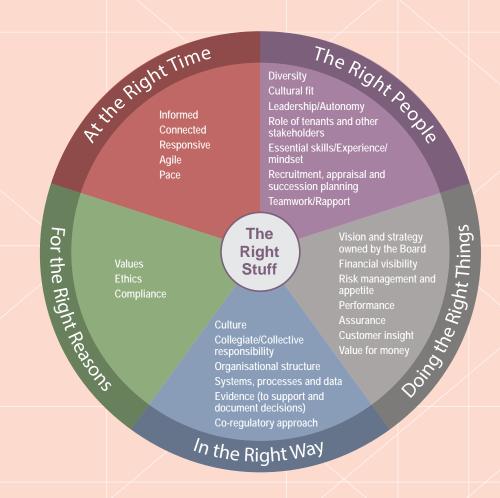

Assets and liabilities are well managed.

The organisation provides high quality accommodation.

The Right Stuff

The Right Stuff is a high level framework and is intended to be indicative rather than prescriptive and can be used to prompt self reflection and evaluation, both within Associations and between the Regulator and Associations. Barcud will reflect on the framework in conjunction with the Code of Governance and continue to achieve its strategic priorities with effective governance.

Community Housing Cymru (CHC) have produced a code of governance, which is designed as a tool to support continuous improvement. It sets out principles and recommended practices. Each principle has a brief description, a rationale, key outcomes and recommended practices. Barcud has adopted this Code and follows the 'apply and explain' approach to the Code and publishes a statement in the Association's annual report explaining the compliance with the Code.

1. Organisational Purpose

The Board is clear about the organisation's aims and ensures that these are being delivered effectively and sustainably.

2. Leadership

Every organisation is led by an effective Board that provides strategic leadership in line with the organisation's aims and values.

3. Integrity

The Board acts with integrity, adopting values and creating a culture which helps achieve the organisation's purposes. The Board is aware of the importance of the public's confidence and trust, and Board members undertake their duties accordingly.

4. Decision-Making, Risk & Control

The Board makes sure that its decision-making processes are informed, rigorous and timely and that effective delegation, control and risk assessment and management systems are set up and monitored.

5. Board Effectiveness

The Board works as an effective team, using the appropriate balance of skills, experience, backgrounds and knowledge to make informed decisions.

6. Diversity

The Board's approach to diversity supports its effectiveness, leadership and decision-making.

7. Openness & Accountability

The Board leads the organisation in being transparent and accountable. The organisation is open in its work, unless there is good reason for it not to be.

Community Cymru

The approved budget and financial forecasts reflect in financial terms the delivery of Barcud's services alongside delivery of the strategic objectives. The five year budget is characterised by capital spend on maintaining the Welsh Housing Quality Standard on existing stock, decarbonisation work and an ambitious development programme to become a landlord of 5,000 properties by 2025. This capital expenditure will be funded by our existing £90m facility provided by our Funders, alongside grants provided by the Welsh Government.

Key budget assumptions

- Rental income has increased in accordance with Welsh Government policy with emphasis on affordability.
- Voids are assumed at 2% and bad debt at 1.5% of rental income over the five years
- Operational costs have been fully reviewed and costed for.
- Interest rates on variable rate facilities have been assumed at 1.5% for 2022/2023 rising to 3% for year five.
- Barcud has assumed that there will be no property sales.
- The five year budget is incorporated into the Association's 30 year financial business plan and stress tested for changes in assumptions or risk effects and impacts.

KPI Description	Target 2022/23

THE CARE SOCIETY

The five-year business plan is designed to ensure The Care Society continues to provide flexible services that help achieve our charitable objectives and deliver community benefits. The Care Society becoming a subsidiary of Tai Ceredigion Housing Association in 2018 provided a solid platform to improve infrastructure and has resulted in improved financial performance and increases in people accessing services. Tai Ceredigion's subsequent merger with Mid Wales Housing Association and the formation of the Barcud Group provides further opportunities to increase the reach of The Care Society Services.

In response to identified service user and strategic need, business planning is premised on –

- The growth of existing services and developing innovative new services within Ceredigion together with exploring and expanding support services to Powys, Pembrokeshire and Carmarthenshire working with Barcud and strategic partners
- Mitigating risk, improving and building financial resilience and quality of service provision
- Adapting to significant internal and external changes in The Care Society's operating environment to help safeguard the future of The Care Society, for example –
 - Changes in Welsh Government Housing policy initiatives and Housing Legislation.
 - Changes in commissioning evidenced by Housing Support Grant transferred by Welsh Government and administered by Local Authorities.
 - Ceredigion County Council procurement of support services through tendering and innovation partnership frameworks.
 - The impact of the Covid-19 pandemic and impact of future service design and delivery to meet the economic and financial impact on local jobs, individual and family incomes, the local community as well as the impact on the public purse and future public spending.
 - The socio-political and economic impact of Brexit.

In addition to benefitting from the support and opportunities provided through the parent body Barcud, The Care Society will continue to build on established strategic links with organisations from across the public, private and third sector at a local, regional and national level to achieve the strategic priorities detailed throughout this business plan.

Background

Care & Repair in Powys (CRP) was established from 1988 to serve the three original shires of Powys, Brecknock, Radnor and Montgomeryshire, and merged into one organisation in 2003.

CRP is one of thirteen agencies that operate across Wales. Each Agency is independent but affiliated to Cardiff based Care & Repair Cymru (CRC) and signs up to a Collective Working Strategy.

CRP is a non-profit-making organisation with charitable purposes which is a subsidiary of Barcud. They are registered with the Financial Conduct Authority as a Community Benefit Society under the Cooperative and Community Benefit Societies Act 2014.

Purpose

To enable older people and people with disabilities to live as independent lives as possible in safe, warm and secure homes. This is encapsulated in the statement:

Improving Homes, Changing Lives.

Objectives

- To deliver the maximum range, quantity and quality of CRP services afforded within current resources.
- To actively identify and explore opportunities to sustainably extend the services offered.
- To maximise the effectiveness of Agency performance.
- To reach a conclusion on the most effective legal status for the Agency.

This will be achieved through the provision of high quality advice, support and practical services in collaboration with key stakeholders. The CRP values and objectives are aligned to those of our parent Barcud. Our work complements their ambition to deliver better homes, brighter futures and strong communities.

Our main sources of income, be it grant aid or fees from service agreements, include Welsh Government, Powys County Council and the Powys Teaching Health Board.

EOM Electrical Contractors Ltd (EOM) is a well established and reliable building maintenance and repair specialist based in Newtown employing local tradespeople and apprentices. Established in 1995, EOM today employs a total of 46 professionals within the team. A wide range of services are provided from electrical installations and repairs, gas and plumbing works as well as general maintenance work. During the last 5 years EOM has also been undertaking LoRaWAN technology installations, as well as green energy installations such as air source heat pumps and Photovoltaic panel for electricity generation. EOM has a wide range of private and commercial clients as well as Local Authority clients and Housing Associations. Barcud is EOM's main client, with approximately 80% of its turnover coming from the housing association.

EOM will:-

- Undertake all Barcud property related work in the East.
- Continue to work with other Housing Associations, Local Authorities and private clients.
- Aim to continue to invest in new tools and some new vehicles in 2022/23.
- · Provide a first class service to all our clients.
- Continue to invest in training, and review the terms and conditions for our colleagues.
- Review our Risk Register, Key Debtors on a monthly basis.
- Communicate clearly with our colleagues to ensure that every team member's views are listened to and that everyone feels part of the team.
- Build on our procurement of materials strategies, and review our storage of stock.
- Look at the possibility of increasing the number of apprentices.
- Regularly review the progress made against our Business Plan.
- Continue to review our marketing strategy so that other private clients can benefit from our services.
